The Talk of The Campus

Pioneer Reunion

TAKE IT FROM the Scribe of the Pioneers, Harry W. Wagner '07, the reunion at College Hill this year "held so many high lights that there was actually no room for low lights." And Harry goes on to say that "you really missed something outstanding in the life of your college" if you did not attend.

Now, of course, he is referring to the "Judy Reunion"—that unique get together of oldtime school pals from the classes of 1904 through 1911—which was suggested and promoted (with the help of the Alumni Office) by Will Judy, a member of the Juniata Academy class of 1907 and the college class of 1911.

But the group of old-timers which gathered was just about the "gayest and gaudiest bunch of laddies and lassies that you would want to find" and that seemed to permeate the entire group of alumni on campus. The weatherman rolled out a bright and sunny piece of carpet to help.

Scribe Harry reported that "Judy was in fine fettle . . . he just radiated energy, pleasure, good will and generosity. Furthermore, he brought with him his titian-haired wife and she just seemed to cast a golden aurora over the whole occasion."

The Real Climax

REVIEWING THE REUNION, Mr. Wagner pointed out that "the real climax was the unseen heart-throbs of the pioneers." He pointed to the "glow of their eyes, the tremor of their voices and the lingering clasp of their hands." Their average age was 73!

As a result of the success of the reunion, there is a strong possibility

that there may be follow-up reunions of "The Pioneers." In this group would be included only those who had attended Juniata fifty or more years ago—and the welcome mat would be out each Alumni Day.

This type of reunion has many advantages. As Harry Wagner pointed out: a class reunion covers but one year, and perhaps your best friends and choice girl were not in that year . . . but attending a reunion covering seven years (or more) you meet so many whom you knew well.

Silver Dollar Awards

CAPTAIN JUDY, who also was elected as alumni representative on the board of trustees, underscored his generosity and his flair for promotion by giving silver dollar prizes in different categories as follows (with comments by Wagner):

Oldest: Mrs. F. F. Holsopple, N.E. '88, A.B. '91 (a woman not hesitant

to tell her age—a commendable trait); **Youngest:** Frances Holsopple Parsons, Acad. '09, A.B. '12 (she looked it, Harry says); **Baldest:** Ralph Nichols, Acad. '07, Bus. '08.

Lightest Man: Dan Little, N. E. '04 (128 pounds, sorta on the skinny side); **Lightest Woman:** Helen Forgeus, Acad. '11, A.B. '16, (86 pounds—slim, but neat and prim); **Heaviest Man:** Arnold Repogle, Acad. '09, A.B. '13 (??? pounds—if he gave Dan Little 75 he would be still 'too much').

Person Traveling Farthest to Reunion: Betty Rummel Crosby A.B. '11 (traveled over 3000 miles . . . that should make some of the absent near-byers feel somewhat remiss in their loyalty); **Persons with Least Gray Hair:** Tied between Ethel Harshbarger Henderson '11 and Myra Hoffman Hower '04 (they guaranteed no rinse).

One Sending Most Children and Grandchildren to Juniata: Tied between Ada Householder Gehrett, ex'07 and Ethel Flemming Corcelius ex'06 (three each).

Harry Wagner tossed in another appropriate comment at this point by reporting: "Forunate for Bill that he did not offer silver dollars for the best looking woman . . . the bunch of ladies would have been in a solid tie for that honor."

The Alumni Fund

SPEAKING OF DOLLARS, a record-breaking Alumni Fund report is found on pages 6 to 13. As C. Jewett Henry '29 stated: "It is most gratifying . . . and portends a bright future."

Confer Honorary D.D. Degrees on Two

THE COLLEGE recognized its church relationship by conferring honorary degrees on a prominent layman of the Church of the Brethren and a Presbyterian minister-administrator, who is an alumnus of the college, at June commencement. Dean Morley Mays read the citations:

WILMER NEWTON LONG

The emphasis of this Commencement occasion makes it appropriate for Juniata College to honor one whose life and ancestry have been intimately associated with the Church of the Brethren. To few men are given the talents of mind and the amenities of spirit which in WILMER NEWTON LONG flower as the finest expression of Brethren life and history.

He brings together in the living reality of dedicated personality qualities of character which ordinarily lie far apart. As was so often true of the earlier leaders among the Brethren, he is a leader in the church at the same time that he is successful in the world of business and public affairs. He combines affability and dignity; his maturity is tempered by youthfulness of spirit. He is both gentle and firm, a man of convictions graciously held.

He will be remembered as the lay statesman of the Church of the Brethren who more than any other developed the urban pattern of church extension for a denomination which through most of its history was predominantly rural.

WILMER NEWTON LONG is already a son of Juniata by virtue of 35 years of membership on the Board of Trustees. We formalize that fact this morning in this ancient academic ceremony.

JOSEPH MacCARROLL

Throughout the history of Juniata College there have come to this campus many men and women of diverse religious persuasions. This diversity has been a source of enrichment to all who as students and faculty have been sensitively responsive to religious values. At the same time that Juniata College has represented the outlook and the commitments of the Church of the Brethren, it has been a witness to the inclusive fellowship of the larger Christian community.

JOSEPH MacCARROLL is one of those who came to Juniata in preparation for a life of service reaching to the highest councils of his denomination. His loyalty has remained undiminished as his recognition within his own communion has grown apace. Today he is known as the leading Presbyterian clergyman to have been graduated from Juniata College. As assistant to the Stated Clerk of the General Assembly of the United Presbyterian Church in the United States of America, he occupies a position which magnifies his great gifts of leadership, and the training and experience which gave them mature and influential expression.

In his present position as Assistant to the President of Princeton Theological Seminary, he is helping to build the re-

Degrees to 119

EDUCATION is not to be subordinated to the demands of our atomic age" was the opinion impressed upon Juniata's graduating class of 119 at Commencement Monday, June 2 by Dr. Paul H. Bowman, a senior leader of the Church of the Brethren in its 250th anniversary year.

Dr. Bowman, president emeritus of Bridgewater, (Va.) College, emphasized the Brethren belief that "human beings are organic creatures and not merely spare parts to be meshed into our industrial and political structure."

Two honorary doctor of divinity degrees and 119 bachelor's degrees were conferred by Dr. Calvert N. Ellis, president, at the close of Juniata's 82nd year.

Degrees were awarded to W. Newton Long, Baltimore, Md., for his long-time leadership as a layman in the Church of the Brethren, and to the Rev. Joseph MacCarroll, Trenton, N. J., assistant to the president of Princeton Seminary, as Juniata recognized its relationship to the church.

In addition, 42 seniors were awarded bachelor of arts and 77 bachelor of science degrees. There were 71 men and 48 women in the class.

Six Promoted

THE PROMOTION of six members of the faculty was announced at commencement by President Ellis.

Advanced from assistant professor to associate professor were: Miss Miriam A. Schlegel, education, and Dr. Robert B. Thornburg, English.

Four instructors were promoted in rank to assistant professors. They were: Suzanne Axworthy, music; Robert N. Currier, music; Bernice Engman, modern languages; and Philbrook W. Smith, history.

sources of the oldest Presbyterian seminary in the United States. At a time when theological education is under careful review, he is helping to provide the solid base upon which new towers of strength may be built.

Campus Viewpoint

By BARBARA WALLS '59

Miss Walls

EDITOR'S NOTE: What's the student viewpoint of campus happenings, you ask. Here's a column written by Barbara Walls '59, Glenside, Pa., editor of *The Juniatian*, that provides a capsule review of the past year.

INTEREST IN JUNIATA student government was given a boost this spring with the election of Don Shover to the new 13th Senate chair of educational activities. The formation of the chairmanship was overwhelmingly approved by the students in a referendum February 21. This marks the entrance of student government into a new and perhaps the most important phase of college life—the academic. Shover, who will have monthly meetings with Dean of the College Morley Mays, will act as spokesman for the students concerning educational activities on campus.

The new chairman was kept busy this spring organizing comprehensive exam study groups and administering the student proctoring program for hour exams. In May the faculty approved the Senate proposal that student proctors be used for final exams. This will go into effect beginning next semester and represents another advance toward full student responsibility in the honor system. Shover's biggest job, perhaps, will appear in the fall when he will administer the freshman academic aid program.

JUMPING OVER to the judicial phase of student government, we find the Campus Judiciary has shown steady progress in the second year of its young life. By assuming some former strictly administrative duties,

the Judiciary is helping to close the traditional gap between students and administration. By relieving the Administration of some of its police force duties, it is creating a deeper appreciation and understanding between it and the students.

At the close of its term, the 1957-58 Judiciary developed an improved procedure which it recommended to the incoming Judiciary as a by-law to the existing constitution. It suggested a hearing to precede the trial, a kind of run-down to determine if there is enough evidence to warrant a trial. The Judiciary then will decide whether the evidence produced by the referrer and his witnesses will support a case, what the charge will be and whether it will be considered a major or minor offence. It is expected that the incoming Judiciary will adopt this plan.

ON THE LIGHTER SIDE, it seems that this spring the men, not to be outdone by the opposite sex, have gone all out in wearing the very collegiate bermuda shorts. A group created quite a storm one evening when it appeared for dinner in the dining hall dressed in white shirts, ties and bermuda shorts. Since then a controversy has been raging as to whether men's bermudas are proper attire for the dining hall. A formal debate was even held to resolve the issue, but as yet no ruling has been made.

The acquisition of a new alma mater is another topic left somewhat unresolved. A new one has been composed but not fully accepted due to the decidedly unfavorable report from the music faculty. The Senate

decided to merely introduce it as another school song and see how it is accepted by the student body. If student reaction is definitely favorable, the Senate feels inclined to go ahead with its adoption.

JUNIATA'S CAMERA CLUB experimented with big business tactics this spring by "going on strike" for improved space and equipment for which they had been petitioning the administration for several months. Since the club is responsible for most of the campus photography, their refusal to take or develop any pictures was acutely felt on campus, especially by the *Juniatian* which depends on the camera club for all its photography.

Whether the strike was effective or whether the administration just finally saw its way clear to meet the club's request is debatable. At any rate, by September club members will be able to move into new facilities in the basement of the Faculty Club, which will include two enlarging rooms, a darkroom, a studio and an office. With these greatly improved facilities, the club will no longer have to limit its membership, and is planning to begin a school in photography which will be open to all students.

LOOKING FORWARD to next year, the Senate at its last meeting nominated 24 delegates-at-large to attend the 1958 Leadership Conference at Camp Kanesatake. These 24, along with 36 other Juniadians who will attend by virtue of their positions, will make a total of 60 delegates at the '58 conference. The agenda will carry topics for discussion from washing machines to one o'clock lates. As usual, the conference promises to be a lively experience and a starting point for student political activity in the coming year.

Receives AAUW Membership

Aliceann Wohlbruck '58, Altoona, has received a complimentary membership in the American Association of University Women as an "outstanding senior woman."

Around The Campus

DISTINGUISHED PARTICIPANTS in Juniata's Founders Day observance this year pose on Oller Hall steps after April ceremony. Front row, left to right: Dr. Donald M. Rockwell, Frank W. Reinhart '30, President Ellis. Second row: Dean Morley Mays, Dr. Homer C. Will and Prof. Paul R. Yoder.

Faculty Additions

THREE GRADUATES of the College and three others have been added to the faculty for next September to meet the need for additional instruction in various departments.

The appointment of the Rev. Earl C. Kaylor, Jr. '46, as assistant professor of Biblical studies; Ronald L. Cherry '53, instructor in economics and business administration; and Wilfred G. Norris '54, instructor in physics, was announced before the end of the college year.

Donald F. Durnbaugh, Pontiac, Mich., a doctoral candidate in the department of history at University of Pennsylvania, was named instructor in history. He's a graduate of Manchester College in 1949 and holds a master of arts degree from University of Michigan.

Two replacements in the department of modern languages also were announced. Miss Sara Ellen Prociuous, McKeesport, Pa., a graduate of Muskingum College, will teach French and Spanish, and Hans Zbinden, will be instructor in German during the absence of George T. Dolnikowski.

Mr. Kaylor, who received his B.D.

degree from Bethany Biblical Seminary and an M.A. from Notre Dame, has been pastor of the Westmont Church of the Brethren in Johnstown since 1953.

Mr. Norris, now completing work on his Ph.D. in chemistry at Harvard, held a Fulbright scholarship for study at the University of Tübingen, Germany, in 1954-55. He held teaching fellowships at Harvard the past two years. Mr. Cherry, who was instructor in economics at Augustana College, Rock Island, Ill., holds a master's degree from Princeton and is a candidate for a Ph.D. in economics.

Ellis Scholars Named

Four juniors at the college have been awarded the Charles C. Ellis scholarships for "unusual competence in scholarship and good citizenship." Recognized at the annual Honors Day were: Joan A. Fyock, Harrisburg; Kathryn J. Holsinger, Pittsburgh; Arthur G. Norris, Hanover, Pa. and Barbara J. Shaffer, Ridgway, Pa.

87 at Summer Term

Eighty-seven students attended the first five-week period of Summer term.

Founders Day

THE 82ND ANNIVERSARY of the founding of Juniata College was observed Thursday, April 17, with a special emphasis on the role of chemistry in a liberal arts college.

Highlighting the Founders Day was a dinner in Oneida Hall to celebrate the installation of Dr. Donald M. Rockwell as the Jacob H. and Rachael Brumbaugh Professor of Chemistry. This professorship was provided by the will of the late Dr. Norman J. Brumbaugh, distinguished chairman of Juniata's department of chemistry from 1925 to 1949.

Guest speaker for the day was Frank W. Reinhart '30, Washington, D. C., chairman of the plastics section of the National Bureau of Standards. Mr. Reinhart was instructor in chemistry for seven years under Dr. Brumbaugh.

Mr. Reinhart spoke at Founders Day chapel in Oller Hall and was a guest at the dinner with the trustees, faculty, staff and wives. Representing the trustees was Dr. John B. Montgomery '21, professor of obstetrics and gynecology at Jefferson Medical College, Philadelphia.

Require College Boards

JUNIATA will require all candidates seeking admission in September 1959 or thereafter to take the morning test of the College Entrance Examination Board, Dean Morley Mays has announced.

In a letter to high school guidance counselors, Kenneth J. Wenger, director of admissions, stated: "We feel that this will contribute greatly to the final selection of students, although it will be only one of the many factors the committee on admissions will look for in making a final decision."

Testing Program

Juniata tested 14,950 juniors and seniors in 228 high schools in Pennsylvania, Maryland, New Jersey and Delaware during the past year as part of its selective admissions program.

EAST HALL GARDENS—a well-designed array of flowering shrubs, fragrant bushes and trees, yews and ivy—took form just prior to Commencement weekend around the college's new residence hall for women. More than 300 plants of numerous varieties were planted under the supervision of a Harrisburg landscape architect as a gift from the Women's League of Juniata College in its 25th anniversary year.

JUNIATA'S LEADING "SENIOR LADIES" for this year's annual May Day festival included Queen Jacque Rowland, Hanover, Pa., (front) and her attendants (left to right) Barbara A. Orner, Huntingdon; Ruth M. Perestam, Morrisville, Pa., maid of honor; and Carolyn V. Long, Hagerstown, Md.

Dajumo Elect

ROBERT S. OVER, Roaring Spring, Pa., has been elected chairman of the association of parents of students at the college. Mr. Over, whose daughter Sandra is a sophomore, succeeds Benn F. Goodrich, Ridgway, Pa., who served as first chairman of the organization known as "Dajumo." Its objective is defined as "Develop and Advance Juniata's Usefulness, Magnifying Opportunities."

Re-elected as vice-chairman was H. E. Raffensperger, Elizabethtown, Pa. J. Paul H. Hively, Williamsport, Pa., was elected secretary to succeed Thomas H. Chase, Philadelphia.

U. G. Hodgin, Harrisburg, was re-elected to a nine-member executive committee which includes the three officers and five newly elected members: W. J. Gaskell, Jr., Ellwood City, Pa.; Bernard Mattheiss, Baltimore, Md.; George D. Savage, Collingswood, N. J.; J. H. Shreiner, Lansdale, Pa.; and Herbert White, Everett, Pa.

Parents Day Set

The annual Parents Day has been scheduled at Juniata Saturday, Nov. 15. Albright will be the football opponent.

ADMISSIONS DIRECTOR Kenneth G. Wenger '50 (left) is the recipient of a new summer-style hat—a gift from Harold B. Brumbaugh '33, alumni secretary, who was willing to acknowledge that "admissions is a gamble." Wonder why? Well, Ken insisted that Juniata would have at least 3500 inquiries concerning admission this year . . . and that figure was passed prior to Commencement! Out of that group, 700 have applied for 225 places in the freshman class.

Juniata Alumni Fund Report

Giving Soars to High of \$82,191; Gifts to College Total \$212,457

ALUMNI GIVING soared to another new high at the College this year with \$82,191.83 contributed to the Juniata Alumni Fund as alumni, parents and friends of the college recognized the need for increased support of higher education.

All in all, 1,141 alumni and friends were reported by Alumni Secretary Harold Brumbaugh '33, as contributing slightly more than 38 per cent of the exceptionally high grand total of \$212,457.93 obtained from all sources to bolster the current "10-Year Build Juniata" program as it passed the mid-point.

This year's contributions boosted the six-year total to \$942,949, according to figures compiled by Charles Bargerstock '47, director of development. Alumni have contributed \$389,282 of this total.

Not only were alumni in a record-breaking mood for total amount, but they also set another new mark when the average contribution hit an all-time high of \$72.03. This surpassed last year's former high of \$61.

The race for top honors among all classes in amount contributed was won by 1906 with a total of \$5,354 to edge 1909's total of \$5,080. These "old-timers" took over the top spot held in recent years by 1921 and 1930.

The Class of '09 rated tops in average amount contributed with a whopping high of \$1,693.33. Second place went to 1906; third to 1921.

Later classes are making a good run of the race for number of contributions with Rex Hershberger's Class of 1950 leading the pack with 49. Runner-up was 1949 with 39 and in third spot was 1952 with 36.

The top ten by participation are divided into two groups. Classes of 1880 and 1883 contributed 100 per cent to lead the group from 1880 to 1919.

Setting the pace for the group of classes from 1920 to 1958 was 1921 with a high of 46 percent of its total

members contributing. In second was 1927 with 43 percent and in third was 1931 with 39 percent.

The College also received \$97,050 from industry and foundation gifts during the year. These were listed by Mr. Bargerstock as follows: Dow Chemical Co.; E. I. duPont deNemours and Co.; The Ford Foundation; Foundation of Independent Colleges (Pennsylvania); General Electric Educational Foundation; Household Finance Corp.; Miller Hardware Co.; Owens-Corning Fiberglas Corp.; Pitcairn-Crabbe Foundation; Shengango Furnance Co.; Smith, Kline and French; Standard Oil Co.; Towers, Perrin, Forster and Crosby.

In addition to these funds, the college obtained \$15,320.74 through its campaign among Church of the Brethren contributors under Clarence H. Rosenberger '36, director of church relations. The names of contributors are included in the list which follows, but the total contributed is not figured into the class totals for the Alumni Fund.

Parents this year became heavier contributors, too, as a total of approximately \$10,500 is included in the amount given by "associates" to the Alumni Fund.

Life income contracts totaled \$16,400 and miscellaneous gifts, which included money from the Women's League, totaled \$1,495.

'Most Gratifying' . . .

THE RECORD-BREAKING alumni fund report appearing on these pages was received with elation by C. Jewett Henry '29, president of the Alumni Association during the past year.

"It is most gratifying to learn that the alumni giving has gone over the top for the past college year," Attorney Henry stated.

"Most certainly, it portends a bright future for Juniata College because the pattern which is set now will form a guide for future giving and future increase in giving by Juniataans."

He added: "We are going the right way!"

Mr. Henry observed that "our idea

of giving now appears to be much broader. People are recognizing much younger that they have an obligation to their alma mater."

"Indeed, I want to express my personal appreciation, in this manner, to all of you who have assisted in making this record report and to

urge each of you to 'Look to the Future!'"

ALUMNI FUND CONTRIBUTORS FOR 1957-1958

EDITOR'S NOTE: The following list includes the names of all who contributed to the Alumni Fund during the college's fiscal year ending June 15, 1958. In a number of cases individuals received diplomas or degrees in various departments of the Brethren's Normal School and Juniata College. The name is listed in the year in which the most recent award was granted with preference given to bachelor degrees in most cases. Where contributions were signed "Mr. and Mrs." the credit was divided if they belonged to two different classes or divided as requested.

McCrimmon Scholarship Fund Set

THE CLASS OF 1948 voted at its 10th reunion to establish the Margaret McCrimmon Class of 1948 Scholarship Fund at the College—and has pledged its contributions to the College through the Alumni Fund to establish the principle for the fund.

This scholarship has been established "to honor the great contribution of Miss McCrimmon to Juniata College and more specifically to those thousands of students who learned to know her and respect her influence to give of their best, whether it be in the classroom or in other activities."

In notifying Miss McCrimmon of the action, Jack C. Buckle, fund agent for the class and now dean of

students at Lycoming College, stated that the scholarship was established "as a small measure of our deep appreciation and gratitude for the example you set us as students. We may not have learned the lesson well in every case, but we are sure that we are able to be better persons because we knew you."

Miss McCrimmon, now professor of modern languages, emerita, is living at Port Hope, Ontario, Canada.

Mr. Buckle explained that any student in the college will be eligible for the scholarship as they are not restricted to majors in any one department. An average of B will be the requirement. Recipients will be known as the "McCrimmon Scholars."

Looking Ahead

CONFIDENT that Juniata College is performing a vital function in educating young men and women for leadership, President Calvert N. Ellis is looking forward to additional support for faculty salaries and endowment; a library, science hall, home economics building; classrooms and faculty offices.

As the college looks ahead to this program of expansion, President Ellis emphasizes that three conditions must be present:

1—A sound, strong institution academically, capable of educating all of its students.

2—The financial structure of the college, like its academic program, must be sound. Because it is a non-profit institution, it must operate with the utmost efficiency.

3—The College must know where it is going—and why—and have a carefully thought out plan for achieving its goals. It is not enough just to expand; a college must know both its immediate and long-range needs, and must establish a realistic program for achieving them.

Juniata College is confident—as it moves forward—that these conditions have been met. Juniata, as a church-related liberal arts college, stands ready to meet the increasing demand for higher education with every resource it has available. This demand also provides the opportunity for all of those who believe in the kind of training which Juniata offers to present the college with increasing resources through continuing financial support.

NEWEST RECREATIONAL FACILITIES are the all-weather tennis courts in the area between Oller Hall and North Dorm (in background) on the site of Old Sherwood Lodge—remember

men! The three courts are a gift of H. E. Raffensperger, Elizabethtown, Pa., father of Dan '56 and Shirley '60 and an active officer of the new parents association known as Dajumo.

The Juniata Sports Parade

Pace Tribe Nine

THREE HARRISBURG sophomores and freshmen battery mates combined to make Juniata's baseball picture bright during the past season.

Don Ross, smooth-fielding third baseman, paced his heavy-hitting teammates with a lofty .543 average to win the batting title from the Berrier twins, Bill and Jim, in the 11-game intercollegiate schedule.

A freshman righthander from Mifflintown, Pa., Ron Reynolds, carried off pitching honors by winning seven out of eight and showing a 2.75 earned run average. Among his victims were Albright, Bucknell and Pitt.

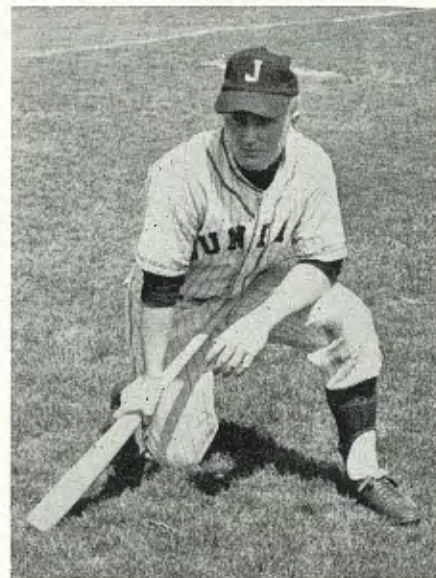

His battery mate, Jack Meenan, another first-year man from Anita, Pa. (Punxsutawney High) not only

proved to be a key man behind the plate but also was among the "big four" at the plate with a .310 average.

These five men, with considerable help from Coach Ken Bunn's well-balanced squad, were instrumental in leading the Juniata Indians to nine victories in 11 games—an .818 mark and only the sixth team in 55 seasons to exceed .800. Five victories and one defeat were recorded in Middle Atlantic Conference games.

Ross led the team with 19 hits and scored 12 runs. Bill Berrier finished second with a .340 mark and led the Indians in RBIs with 11. Twin Brother Jim, a fine shortstop, batted .311 and led in extra bases.

As a team, the Indians compiled a .292 batting mark compared to their opponents .223.

McQuown Honored

BERNARD L. MCQUOWN '58, Punxsutawney, Pa., co-captain of football and outstanding student leader, received the Stanford Mickle athletic trophy for sports leadership at commencement.

The 22-year-old football tackle was a four-year letterman on the grid squad which lost only one game in those four seasons. He gained Little All-American and All-State mention last year.

In addition, McQuown, who received a bachelor of science degree after preparing to teach in history and political science, was president of the Varsity J Club and chairman of men's house on Student Senate. He also served on the Campus Judiciary.

McQuown is a son of Mr. and Mrs. B. J. McQuown and was graduated from Punxsutawney Area High School in 1954.

McCardell Takes Golf

Jay McCardell '50, Schellsburg, Pa., tallied a low net of 73 to win the Alumni Golf Tournament at the Huntingdon Country Club May 31. Medalist honors went to Jay Gettig, No. 1 man on the varsity, with a 75.

Trophy Winners

SEVEN OF THE TRIBE's top-ranking athletes received alumni trophies for "excellent in performance, good sportsmanship and cooperation" in six sports.

C. Michael 'Mike' Armstrong '58, captain from Altoona, won the Jack E. Oller '23 basketball trophy for the second straight year.

Two awards were made in football: Bernard L. 'Bernie' McQuown '58, co-captain from Punxsutawney, received the George L. Weber '40 football lineman's trophy; William F. 'Bill' Berrier '60, fullback from Harrisburg, was awarded the J. Harold Engle '23 football back trophy.

Four Spring sport awards went to two seniors and two sophomores. George B. Cline '58, McConnellsburg, won the J. Foster Gehrett '16 track award, and Charles I. 'Chuck' Seeley '58, Hammonton, N. J., took the tennis trophy given by an anonymous alumnus.

The Charles F. Goodale, Jr. '39 trophy in baseball went to the Indians' leading hitter and field captain, Don Ross '60, Harrisburg. C. Blair Miller '49ex golf trophy went to Jay Gettig '60, Verona, Pa., for the second year.

Alums Blast Varsity

Three-run homers by Wes Lingenfelter '58ex, Joe Hinich '55 and Ferrill 'Lefty' Alderfer '57, were too much for the Varsity as the Alumni team pounded out a 14-6 victory in the now-traditional Alumni Day clash. Alderfer went the distance and struck out 11 to even the series for the "Old Pros" at 3-3.

Alumni Achievement

Chemist Cited

THE EARTH SATELLITE program has been drawing on the result of years of research by analytical chemists.

So reads a report in the April 1958 issue of *Analytical Chemistry* in which Dean I. Walter '40, head of the Analytical Chemistry Branch of the Naval Research Laboratory, is given prominent attention.

In a review of analytical possibilities of the satellite program, the article points out that Dean is "best known for his work in high vacuum methods of analysis, particularly the 'Walter Method' for the determination of oxygen in titanium, for which he has received various awards and commendations."

Recently, Mr. Walter received a cash award and a certificate for outstanding performance in the organization and conduct of the analytical laboratory.

With the exception of a brief period with General Chemical Co., and two years of military service, Mr. Walter's 18 professional years have been spent as an analytical chemist with the Navy.

He also serves as pastor of a central Pennsylvania church (Vicksburg Brethren near Hollidaysburg) to which he has commuted weekly for 13 years and he is in demand as a speaker on humanizing the sciences. His publications are largely in the field of high vacuum analysis, poetry and Biblical exegesis.

Book for Pastors

A BOOK TO SHOW the qualities most needed by a dedicated man of the cloth has been written by the Rev. Charles N. Pickell '49. *Preaching to Meet Men's Needs* was published June 24 by Exposition Press of New York.

Now minister of the United Presbyterian Church in Newton, Mass., Mr. Pickell formerly held pastorates in Monongahela, Pa., and Atlantic City, N. J. He is a trustee of Westminster College, New Wilmington, Pa., and a director of both the Evangelistic Association of New England and the Lord's Day League of New England.

Mr. Pickell obtained his bachelor of arts degree from Juniata and his B.D. at Western Theological Semi-

nary in Pittsburgh. He holds a master of theology from Pittsburgh-Xenia Theological Seminary.

Long interested in writing, he has contributed to Moody Monthly and the United Presbyterian and has written a booklet on *The Presbyterians, Their History, Worship and Beliefs*.

Growth in Arizona

THE PRESBYTERIAN church moved into a resort area in Arizona in 1956 and the Rev. Herbert P. Landes '42 was called to Scottsdale to establish a congregation.

In March of 1956 he and 70 charter members formed the Valley Presbyterian Church. By the end of 1956, the Valley Church was self-supporting. One year after the church's founding, the congregation held a building fund campaign and raised more than \$140,000 in cash and pledges.

The church passed the 500 mark in membership early this year and in March, 1958, it broke ground for a 300-seat temporary sanctuary and a 22-room church-school and office building.

That's the "success story" revealed on Herb Landes and the Scottsdale church in Presbyterian Life, April 19, 1958.

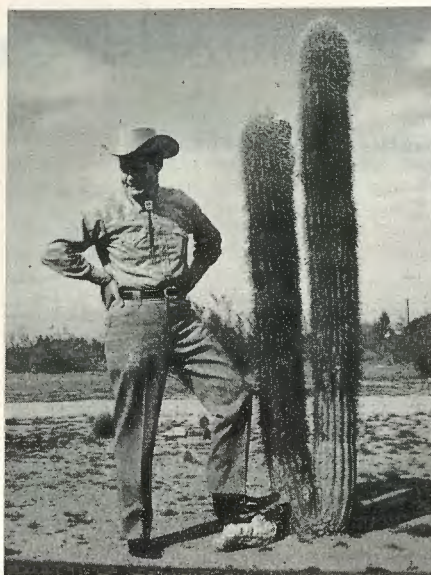

In its report on Arizona, the Presbyterian magazine points out that "there's no question about it, the southern half of the nation's youngest state (now second to Alaska), is one of the world's greatest boom areas."

And in the midst of all the incredible hustle and bustle of the boom area, the churches are moving fast, too. Keeping pace is the Rev. Mr. Landes and his Presbyterian church.

Historical Drama

A JUNIATIAN, Mrs. Marshall (Gladys Lashley) Hoover '23, Route 1, Hookstown, was honored recently for her efforts in helping to preserve and perpetuate an important era in Pennsylvania history.

Mrs. Hoover became interested in Beaver County's Old Economy,

which is described as one of Pennsylvania's richest historical shrines. When an organization called the Harmonie Associates, Inc., was formed to preserve the early German settlement, Mrs. Hoover wrote a drama that portrays the history of the community.

Entitled "Man's Reach," the historical drama opened for its third season in late June. Adding even more of a Juniata slant is the fact that the production's director is John C. Barner '47. It is presented outdoors "on location" where most of the action took place at Old Economy Shrine, Ambridge, Pa.

To honor the historically minded group that is endeavoring to preserve this community, the American Association for State and Local History presented the Harmonie Associates with an award for meritorious achievement.

Mrs. Hoover received the award on behalf of the society of which she is president.

Study of Sawflies

A SCIENTIFIC study of a small group of primitive sawflies of the northern hemisphere—considered an

important contribution in the field of entomology—has been published by Dr. Woodrow W. Middlekauff '35.

Known as a monograph, the publication has been issued by the University of California Press. Its official title: "The North American Sawflies of the Genera Acantholyda, Cephalcia, and Neurotoma (Hymenoptera, Pamphiliidae)."

Dr. Middlekauff, a brother of the Rev. John C. Middlekauff '33, Huntingdon, is a specialist in insect control as associate professor of entomology and parasitology, University of California.

Special recognition is given to Dr. Homer C. Will, professor of biology at Juniata College, whose collection was among those studied by Dr. Middlekauff. One of the unique species has been named for Professor Will who taught Dr. Middlekauff his first course in entomology and "who instilled in me an interest in the sawflies."

McQuaide Honored

DEL MCQUAIDE '58, son of Mr. and Mrs. S. D. McQuaide of 404 Catalpa Street, New Kensington, Pa., has received an Elihu Root-Samuel J. Tilden Scholarship for three years of study at the New York University School of Law. The scholarships are valued at \$7,200 each.

Mr. McQuaide, who was president of Student Senate, was graduated in June and will begin his law studies at NYU in September.

Root - Tilden Scholarships are awarded annually to two outstanding college men

from each of the 10 federal judicial circuits. The grants are named for two famous NYU alumni: Elihu Root (Class of 1867) and Samuel J. Tilden (Class of 1841).

Looking Around the Locals

with the ALUMNI SECRETARY

PAST PRESIDENT of the National Alumni Association, C. Jewett Henry '29, was a busy man on the alumni dinner circuit as he attended nine of the events this year. President Ellis, Professor Emeritus J. Clyde Stayer and Harold B. Brumbaugh were three other popular speakers.

An innovation, and an apparently well-liked one, was the showing of the college film. The younger alumni were especially pleased to recognize familiar faces in the film "Springtime at Juniata."

Approximately 45 alumni, relatives and friends went to the dinner served "smorgasbord style" in **BALTIMORE**. Dr. George B. Clemens was the speaker and Harold B. Brumbaugh was also there as the narrator of the college film. The report was that "informality was the keynote of our meeting" and lots of good fellowship was the result.

BEDFORD COUNTY'S annual dinner meeting was held at the Penn Bedford Hotel with Miss Esther Doyle doing her version of Shaw's "Pygmalion." Another highlight of the evening was Ron Dilling's '57 two solos. Mr. Brumbaugh was the emcee and also acted as progress reporter for JC.

BLAIR COUNTY enjoyed the full benefit of the Henrys as Jewett attended to bring his greetings and Mrs. Phyllis Henry sang as the entertainment part of the program. President Ellis was present at this one to give the address and upon returning commented on the "good spirit" of the evening.

BOSTON, a new, but rapidly advancing alumni association, had 40 friends and alumni attending the dinner with Dean Morley Mays reporting on the present and the future of Juniata. Some who had travelled as much as 200 miles to be there got a thrill of finding themselves in the college movie. The reporters of the dinner said all were pleased to have Dean Mays and the Henry family with them. They are already looking forward to their third alumni dinner next year.

"Back to College Night" was held for alumni in the **CAMBRIA COUNTY** area with over 50 people "registering." "Classroom discussion" was held with the topic being "What College Has Meant to Me in my Work and Daily Living." Dr. Edgar S. Kiracofe, head of Juniata's department of education, appropriately "lectured" on current events. Books and diplomas constituted the clever table arrangements.

CENTRAL PENNSYLVANIA'S annual meeting was held in York with Prof. Stayer bringing alumni up-to-date with information on the college. A visual progress

report was again shown in the JC film with Alumni Secretary Brumbaugh narrating.

President Ellis was on hand for the **CHICAGOLAND** dinner held in Lombard, Ill. They also enjoyed the college film.

FLORIDA alumni and friends had their tenth reunion with 98-year-old Bruce Borning—a Juniata student in 1877 and 1878—present. There were many attending the Florida dinner for the first time who were closely associated with the college—Chalender H. Leshner, a trustee; Mrs. Bradford Shawn (Alice Dove), former dean of women; Dr. Allen Brumbaugh, alumni trustee; and S. M. Hess, trustee. Harold Brumbaugh narrated the college film which was enjoyed by all. There were 113 present to appreciate the turkey dinner served at the City Pier in Sebring.

"A Cavalcade of Juniata Highlights" was featured at the **HUNTINGDON COUNTY** program, which was held in East Dining Hall. The Henrys were again on hand and they, along with President and Mrs. Ellis and Mr. Brumbaugh, enjoyed the evening's talks by representatives from the class of '07 to the class of '58—and they also enjoyed the wonderful chicken dinner.

KISHACOQUILLAS association fed 34 alumni and friends of the college a delicious turkey dinner. Dr. Morley Mays and Clarence H. Rosenberger, director of church relations, gave talks, which were followed by an informal question and answer period.

Professor Stayer took over the speaking chores at the **NEW YORK** association with ex-dean of women, Edith Spencer, leading the group singing. The Juniata-Albright football film provided entertainment with the Henrys and Mr. Alumni Secretary also attending.

An excellent meal was enjoyed by those who attended the **NORTH CENTRAL (WILLIAMSPORT)** dinner. Dr. Kiracofe and Charles Bargerstock, director of development at the college, were present to help the enthusiastic crowd spend an informal and pleasant evening.

"Juniata in the Age of Satellites" was Dr. Rockwell's timely address to the **NORTHEASTERN OHIO** association. The Henrys again represented the National Association with Mrs. Henry singing several entertaining ballads and accompanying herself on the vibraharp. The college film, narrated by Mr. Brumbaugh, was another part of the program which everyone seemed to enjoy.

Another timely talk was given by President Ellis at the **PHILADELPHIA** association dinner. There were 87 present to hear "Education in the Space Age" by Dr. Ellis. Among the other guests there

TYPICAL ALUMNI DINNER scene is that of Philadelphia's meeting. Seated, left to right, are: Prof. J. were C. Jewett Henry, Harold Brumbaugh and Professor Stayer.

Despite a rainy, miserable evening for its event, the PITTSBURGH area association had 32 turn out for a very pleasant occasion. Dean Mays was the principal speaker with National Alumni Association news being reported by Mr. Henry. Special music was presented by Mrs. Henry and Harold Brumbaugh showed the college film. All those who braved the storm to attend were pleased that they had ventured out.

Professor Stayer spoke to the small, but appreciative crowd at the SOMERSET COUNTY alumni dinner. The three-year-old SOUTH JERSEY alumni association has progressed rapidly. Excellent food, a good speech by Dr. Eva Hartzler, and singing by Mrs. S. Robb Keener, Jr. made the evening a splendid one.

The SOUTHWESTERN REGION of OHIO enjoyed Dean Mays as its speaker and they also liked the college film. Here again heavy rains reduced the attendance to 34.

President Ellis was on hand to help the SOUTHWESTERN PA. association celebrate its silver anniversary with C. Jewett Henry and Harold Brumbaugh was also present to bring National Alumni greetings and show the college film.

UPSTATE NEW YORK had Professor Yoder speaking about recent expansion of the facilities and the other phases of campus life. Harold Brumbaugh narrated the colorful JC film.

The Heddin House was the scene of the WASHINGTON, D. C. dinner. Dr. Will gave the speech here.

Despite a little difficulty with the disappearance of the battery and generator from HBB's car, the WAYNESBORO-HAGERSTOWN get-together was a success. The Juniata-Albright football game movies were the entertainment. Yes, the Henrys were there!

—Nan Hunt.

Lead Alumni

DR. JOHN N. STAUFFER '36, dean of Wittenberg College, Springfield, Ohio, took over as national president of the Juniata College alumni association at the annual dinner Saturday, May 31. He succeeds C. Jewett Henry '29, Huntingdon attorney.

Approximately 335 alumni and seniors attended the 62nd annual affair of Alumni Day to welcome the graduating class of 1958 into the association.

The new president became dean of Wittenberg College and professor of psychology last year after serving ten years as dean of students. Prior to going to Wittenberg, he was assistant director of the Veterans Guidance Center at Harvard University and a lecturer on educational guidance in Harvard's Graduate School of Education.

Election of Will Judy '11 a Chicago publisher, as alumni representative on the board of trustees also was announced at the dinner.

Other officers elected to serve with Dr. Stauffer were: Cyrus O. Caulton '29, Bryn Mawr, first vice-president; Mrs. Betty Kiracofe Weicht '48, Hollidaysburg, second vice-president; James E. Utts '49, Altoona, executive committee.

Fellowships

A HUSBY-WIFE combination from the Class of '56, Larry L. and Vivian Livingston Confer, teachers at Pequea Valley High School, near Lancaster, Pa., have been awarded fellowships by the General Electric Educational and Charitable Fund.

Each receives an expense-free, six weeks study course this summer at different colleges in New York State. They are among 300 teachers throughout the country selected this year for science or mathematics fellowships provided by the Fund.

Larry, a science teacher, won the fellowship in that subject at Union College in Schenectady; Vivian won a mathematics fellowship at Rensselaer Polytechnic Institute, Troy.

Selection was based on their demonstrated interest and ability in science of mathematics. All applications were made to six colleges participating in the program. Pioneered 14 years ago at Union College, the General Electric Science Fellowship Program is the oldest industry-college cooperative project of its kind.

Mr. and Mrs. Confer, incidentally, are advisers for the junior and sophomore classes, respectively.

Alumni Abroad

THE 250TH ANNIVERSARY celebration of the Church of the Brethren at the place of the founding of the church in Schwarzenau, Germany, during the week of August 3 will bring together a large group of Juniata alumni.

Alumni Secretary Harold Brumbaugh '33, now traveling in Europe, has arranged a luncheon meeting and tour of the area for those "with Juniata connections."

Among those expected to attend are Dean and Mrs. Morley Mays, Dr. and Mrs. Paul M. Robinson, Dr. Kenneth Morse, Mrs. Ada Gehrett, Miss Martha Mentzer, the Rev. David Hanawalt, Robert Wenger, Mrs. A. D. Miller, the Rev. Berkey Knaval, Dan Raffensperger, Stan Davis, Helen Herr, John Herr, Ruth Perestam, David Ellis, Levi Oaks and C. H. Leshner (a trustee).

PERSONALS

News notes for this section should be sent to Mrs. James D. Hunt '56, Class Editor, Alumni Office. Deadline for receiving Personals for the Fall issue is Oct. 1.

58

Spencer A. Ward was married to M. Sue Willson '60 on June 7 in Montoursville, Pa. Mrs. Ann Willson Amidon was matron of honor. Other JCers in the wedding party were: Sandra Over '60, Lucy Kriebel '60, Carole Schenck '60, Joseph Senft '58, David Amidon '57, Stan Davis '58, and James Swarr '60.

Jacqueline Rowland was married to Robert Walters on graduation evening at the Stone Church of the Brethren. President Ellis performed the ceremony.

Mildred B. Mandeville and Kenneth H. Rockwell '57 were also united in marriage by Dr. Ellis on the afternoon of graduation. Prof. Johnson presented a recital before the ceremony and Dick Livingston '57 sang. Jacque Rowland was her bridesmaid and Ramon Burket '57 was Ken's best man. James Barefoot '57 was an usher. The couple now plans to live at 94 Angell St., Providence, R. I.

Noel Plummer was married to Nancy Evans of Portage in June.

Silas Dubbel ex '54 who received his degree with the class of '58 was proud to announce the arrival of a daughter born on April 28 of this year.

Jean L. Rubicam and Horace A. Carl '59 were married on June 5 in Huntingdon. They will be living in the Village until Horace finishes school.

Top Honor Grad

THE TOP HONOR graduate in June, Robert C. Moore '58 of Aitch, headed a list of 22 named to the Dean's list of Distinguished Students for the Spring term by Dr. Morley Mays '32.

Moore, who received his degree summa cum laude, was named to the list for the eighth straight term. A graduate of Huntingdon Area High School, Moore achieved one of Juniata's most brilliant academic records in two major fields of concentration: mathematics and physics.

Moore '58

Robert has been awarded a University Fellowship at Brown University where he will study for a doctor's degree in applied mathematics.

In addition to Moore, three other seniors were graduated with honors (cum laude). They were: Marian E. Ross, Altoona; Spencer A. Ward, Everett; and Joyce Burkett Warcyk, Hagerstown, Md. Miss Ross also made the Dean's list in her final term.

The total of 22 named to the Dean's List equalled the previous high. Women outnumbered men 14 to 8 and there were seven graduating seniors, six freshmen, five sophomores and four juniors. The list follows:

Donald S. Aurand (senior, economics and business administration), Milroy, Pa.; Carole R. Beeghly, (freshman, home economics), Pittsburgh 36; Doris K. Benna (freshman, liberal arts), Alum Bank, Pa.; Evelyn J. Brehm (senior, elementary education), Scalp Level, Pa.; Elizabeth A. Clark (sophomore, history), Pottstown, Pa.

Melvin H. Diven, Jr. (senior, psychology), Mount Union, Pa.; Barbara A. Fritchey (sophomore, psychology), Harrisburg, Pa.; Martha S. Good (freshman, home economics), Hollidaysburg, Pa.; Norma J. Jedinak (sophomore, languages), McKees Rocks, Pa.; Alan S. King (freshman, biology), Rochester, N. H.

Larry G. McAfee, (junior, physics), Pottstown, Pa.; Robert C. Moore (senior, mathematics and physics), Aitch, Pa.; Richard H. Quinn (sophomore, English), Atlantic City, N. J.; Marian E. Ross (senior, elementary education), Altoona; Barbara J. Shaffer (junior, languages), Ridgeway, Pa.; Samuel D. Shore (junior, mathematics), McClure, Pa.

Barbara R. Walls (junior, English), Glenside, Pa.; David L. Weaver (freshman, chemistry), Lititz, Pa.; Nancy K. Warner (freshman, liberal arts), Lewisport, Pa.; Mary Sue Willson (sophomore, liberal arts), Montoursville, Pa.; Aliceann M. Wohlbruck (senior, English), Altoona; Mary L. Zimmerman (senior, elementary education), Pikesville, Baltimore, Md.

The College's largest class of June graduates—a total of 119—received 42 bachelor of arts and 77 bachelor of science degrees. There were 71 men and 48 women in the class. Here is the geographical listing as prepared by the College News Bureau.

Tribute to Solly

AMONG THE TRIBUTES to the late D. Raymond Sollenberger '25, who devoted his life to promoting the cause of education and the improvement of the welfare of teachers, was one in the Pennsylvania School Journal in April 1958. It read in part:

"Mr. Sollenberger was a member of the General Assembly from Blair County for sixteen years from 1936 to 1952. Always he was interested in education, his chosen profession, and for many years was a member of the House Education Committee. His interest and leadership in educational legislation in the General Assembly won for him the chairmanship of the powerful House Committee on Education.

"It was as a member of this Committee and as chairman that he sponsored much of the legislation introduced by the PSEA. All of the salary and subsidy bills of the PSEA introduced during his service in the House carried his name as sponsor or co-sponsor.

"The members of our Association are indebted in large measure to him for the success of this legislation. His co-workers in the General Assembly turned to him for suggestions on critical legislative problems in the field of educational legislation.

"Mr. Sollenberger was a statesman in the truest sense of the word in that his interest was in future generations. He was beloved and highly respected by all who knew him. His
